CONN BROTHERS

Lancaster, Ky.

Messrs T. B. Walker and Thomas Anderson are on the sick list.

Circuit court begins here Monday. The docket is an unusually light one.

The measure to have United Senators elected by a direct vote of the people was defeated in the Senate.

Born to the wife of Mrs. R. G. Bratton on February 15th a fine 12 pound boy Mr. Bratton says it won't take him long to reach the age of 21.

Mr. J. W. Sweeney has returned from a business trip to Cincinnati and Covington. While there he sold a fine pair of horses to the Standard Oil Co. for a fancy price.

Mrs. Thomas Thatcher entertained Thursday to dinner Mr. and Mrs. Jack Mount of Lancaster, Mr. and Mrs. J. E. Clauch and Mr. and Mrs. Eben Porch.—Somerset Times.

In speaking of roads, we reiterate that we want good roads, however we doubt if the people who live on mud roads are treated right. We think now that the dirt roads ought to be kept up by taxation, but at any rate there is no excuse for Garrard county not having good roads all over the county. We appeal to the people to help us in this fight.

"Magic that is magic" is what the Floyds offer as the next attraction at the Court House Thursday night March 23rd. Every feature on their program is thick, and broad and long with entertainment—the kind that is utterly devoid of the conventional and antique. Their twenty years of experience has placed them in the front ranks of America's greatest artists. They are entertainers of the very highest class. All of their wonderful experiments in modern magic, mind-reading and illusions are strictly original. An evening of startling surprises, refined mirth and pleasing music is assured all who attend this unique performance.

Not only do we want good dirt roads but we want better roads all over the county. We had occasion to go down the Buckeye road a few days ago and found the road in a fearful condition, however we are glad to state that they are at present being worked, and we hope that the good people of this rich section of the county will soon have a good road to town. One more thing, just outside the city limits on this road will be found two great piles of tin cans and all kinds of old rubbish and the hedge fence trees reach out over the pike and are liable to put out the eyes of some good citizen. Why not have all this rubbish so as to make our town inviting to the people of this section.

The money for the school teachers has come and I am now ready to pay same. Miss Jennie Higgins Supt.

Mr. Richard Lamay, a prominent farmer of Buckeye died at his home Tuesday night of pneumonia. He was about fifty five years of age.

A local option election is in progress in Richmond today. The latter few days of the campaign waxed pretty warm and a hot contest is being had.

Hon. Logan McKee Cheek, one of the best known young lawyers of the state and a member of the Boyle County bar died at his home in Danville on Wednesday morning. He was Master Commissioner of Boyle County having been appointed to that office by Judge Walker.

Judge L. L. Walker left for his home at Lancaster Friday, after having won high praise from the bar and all others who were in position to observe his prompt, decisive way of doing things. Always on time, and he demanded the same of witnesses, jurors and attorneys. He dispatched business in an able manner with fairness to all.—Breckinridge News.

Administrators Qualify.

Robert L. and W. B. Burton qualified as administrators of the estate of their father on Monday. Mr. Burton in addition to his other property was possessed of a vast amount of good farming land in the Buckeye section of the county.

A Well Earned Rest.

Mr. S. C. Denny cashier of the National Bank left Wednesday for an extended tour of the south, during which time he will visit many places of interest, including a several weeks stay in Cuba. Mrs. Denny will accompany him. During his absence Mr. Denny's duties will be ably performed by Mr. J. F. Robinson, who will be assisted by Mr. J. Louis Gill, who is also an adept at the banking business.

Third Negro Captured.

Buddy Hawkins the third member of the trio of negroes who beat up and robbed three Lincoln county farmers recently, was captured in "negro Heaven," an Indianapolis negro suburb on last Sunday. Capt. G. T. Helm of Danville and Sheriff McCarthy of Stanford, assisted by Indianapolis officers arrested him. He refused to return to Kentucky without requisition papers, but they will be forthcoming and he will be brought back and lodged in the Stanford jail.

For Representative.

This issue of the Record contains the announcement of Mr. J. A. Doty, Sr., as a candidate for the nomination of representative of Garrard county, subject to the action of the democratic party. Mr. Doty is well known throughout the county and has many friends who are anxious that he should receive the honor. He is an old Civil war veteran and has been connected with politics in Garrard County for the past twenty years, having been county clerk for two terms. Mr. Doty would represent us well should he be elected and sent to Frankfort.

Masonic Banquet.

On the afternoon and evening of Thursday March 9th. Lancaster lodge No. 104, F & A. M. will confer the fellowship and master's degree upon several candidates. Past Grand Master Samuel K. Veach of Carlisle is coming down to exemplify the work and will bring several gentlemen to assist. This degree team is said to be the most prominent in the state, and the masonic fraternity are looking forward to their coming with a great deal of pleasure. After the work is completed Mr. Veach and his assistants will be tendered a banquet at the Kenganian by the members of the Lancaster lodge.

Cut-Out A Failure.

The executive Committee of the Burley Tobacco Union, which was in session at Lexington this week, have announced that owing to the failure of the Burley Tobacco Society to co-operate with them in their efforts to cut out the 1911, that the cut out movement was a failure, and that the pledges obtained were therefore void. They decided however, to maintain the organization, in order to be ready to assist in any emergency that might arise.

This definitely settles the fate of the cut-out in so far as the 1911 crop is concerned.

Store Robbed.

On last Friday night the grocery and meat market of Davidson & Walker was broken into and robbed. Entrance was effected by breaking one of the large plate glass in the front door with a brick. Five or six dollars in money, a lot of cigars, cigarettes and tobacco and probably a beef roast was secured.

Mr. Will Doty an embryo detective, went to work on the case and soon found where Hazel Wallace, a negro boy fourteen years of age, had been buying clothes and other articles around town and paying for them in nickles and dimes, this was the denomination of the money secured from Davidson & Walker. The boy was arrested and the circumstantial evidence proving so strong against him when he was tried before Judge Ford on Monday, that he was committed to the School of Reform at Greendale.

Lorimer Retains Seat.

After a long drawn out contest, Senator Lorimer of Illinois is permitted to retain his seat in the United States Senate by a vote of forty for and forty six against declaring his seat vacant. Our Senator's Paynter and Bradley democrat and republican voted for Lorimer to retain his seat.

Heavy Sporting.

It is rumored that evidence before the grand-jury at the present term of the Lincoln Circuit Court discloses that there is an organization of gentlemen in Lincoln County who for sometime past have been holding cock fights and bull dog fights near Stanford and that contestants come from other states and engage in the unlawful sport. It is said that they have constructed a house specially arranged for the business. We have learned that there are citizens of Lincoln engaged in this business who will be somewhat embarrassed to see their name in the news-paper in this connection. The grand-jury has been probing the case but to date we have not heard of any indictments.

The Government Building.

For the benefit of those who are anxious to know when operations will begin upon the New Government Building in the park, we quote from section 355 of the United States Statutes:-

"No public money shall be expended upon any site of land purchased by the United States for the purpose of erecting thereon any armory, arsenal, fort, fortification, navy yard, custom house, light house, or other public building of any kind whatever, until the written opinion of the Attorney General shall be had in favor of the validity of the title, nor until the consent of the legislature of the State in which the land or site may be, to such purchase, has been given."

As the Kentucky legislature does not convene until January 1912, it will be impossible until that time for that body to cede the title to the site to the United States, and of a necessity no work can be done on the building until after the site is ceded, and a properly approved title is given them to the site for the building.

For Representative.

A number of worthy democrats are spoken of for the nomination for representative besides those already announced.

The Hon. J. O. Bogie, the incumbent, has the nomination in his mind. His friends say that he ought to be endorsed by a renomination. Hon. M. D. Hughes of Lancaster who is well known in Garrard County is being urged by his many friends to make the race. In a conversation with the editor of the Record he stated that he had not yet made up his mind as to whether or not he would ask for the honor.

Mr. H. Clay Kauffman, a young attorney recently admitted to the Garrard County bar is also being favorably mentioned and his friends say that he would like the honor. Any one of the above mentioned gentlemen would make good at Frankfort as a law maker. The democratic committee should call a primary and let the people choose between the aspirants.

Farra For Representative.

The announcement of Mr. John M. Farra as a candidate for the Legislature, subject to the action of the democratic party is in this issue of the Record. He has not before been a candidate for office and did not consent for his friends to authorize his candidacy until he had been solicited by many persons from all parts of the county and had been presented with a petition containing the names of about one hundred democrats requesting him to be a candidate for the nomination. How well qualified is Mr. Farra for this important office is too well known to the people for special mention. Mr. Farra is a farmer, a gentleman of the highest moral character, possessing a liberal education, broad minded and good ideas and is chucked full of the progressive spirit of the times and is a democrat to the core. He is well prepared to represent Garrard County in the General Assembly and will prove a popular candidate.

Wills Probated.

In the county court Monday three wills were probated, that of Mr. Jacob Joseph, Mr. J. T. Conn and Mrs. Emma Lane. Messrs Adolph and Arthur Joseph qualified as administrators of their father's will, without bond. Mr. Joseph, with the exception of his life insurance, willed one third of his property to his wife, one third to his son Arthur and the remaining third jointly to his son Adolph and his daughter Mrs. Chas. Davis. He willed that his insurance money be invested by the administrator in real estate, and that the proceeds go to his wife during her life time, and at her death the principal was to be divided among the children, share and share alike. Mr. Joseph stated in his will that he gave Arthur a third of his property because he had stayed at home and assisted in accumulating it.

Mr. Conn's will was a lengthy affair and contained many codicils, but he attempted to dispose of his property in a just and equitable manner, having in view the rights of all his children. Messrs William H. and John Conn, his sons were the curators of his will. Mrs. Emma Lane bequeathed all her property to her husband, John Lane.

ANNOUNCEMENTS

Democratic Ticket.

FOR CIRCUIT JUDGE.

Hon. Charles A. Hardin, of Mercer.

For The Legislature.

We are authorized to announce J. A. Doty as a candidate for the Legislature, subject to the action of the Democratic party.

For The Legislature.

We are authorized to announce J. M. Faras as a candidate for the Legislature, subject to the action of the Democratic party.

Good Roads.

Much has been said by press and public on the above subject, and as a usual thing the discussion referred to turnpikes and their construction and maintenance. This article is intended to deal solely with county roads, dirt roads, or as they are usually found this time of year "mud roads."

First let us have a look at the law governing them, as applies in Garrard county. The Kentucky Statutes say:

"The judge of each county court shall divide his county into road precincts, shall fix boundaries for same, and shall allot all the able bodied male citizens between the ages of eighteen and fifty years to work on the roads in their respective precinct, and shall appoint an overseer for the precinct, the said overseer shall be exempt from jury service and poll tax for road purposes, and for failure to perform the duties herein provided shall be fined not less than \$5.00 and not more than \$25.00. He shall summon the hands to work the road in their precinct, shall superintend them in their work, and shall keep the road in good condition for travel. The hands will be required to work the road not exceeding two days in each week, or six days in each year, and in cases of emergency the overseer may require hands to work a greater number of days in the week or year, each day to consist of eight hours."

The above is copied from the Ky. road laws. Overseers, how many of you have complied with any clause of the above law? How many even keep your roads in proper shape for travel? Very few we venture to say. The average overseer and the hands in his precinct look upon the working of a county road very much as they would upon an aching tooth that must be pulled, a disagreeable duty to be performed, the sooner over with the better.

The majority of the roads are worked in the following manner: choosing the day when the farmers have least to do, they are summoned to work the road on a certain day, they begin to struggle in on that day about seven o'clock, and by ten most of them are there, they scratch around with pick and shovel, throw a little loose dirt here and there into the middle of the road, there to be converted into a mud hole by the first rain, probably, if it is handy, throw on a few loose rocks, and along toward the middle of the afternoon call it a day. No ditching, no filling of ruts or mud holes left from last winter, nothing but put in the time. Sometimes this is repeated the second day, but never more than two days of the year.

The consequence of this careless putting in of the time on the roads, for it cannot be called working them, is that these same people, when they haul their crops to market, get stalled or mired in their road, then you will witness some tall swearing and abuse of county roads in general and this one in particular, but the road is worked the following year in the very same manner.

Now this could be very easily remedied, and no one would reap a greater benefit from the proper working of the roads than these very people who work them, or should work them.

Overseers should summon their men to appear at 7 o'clock and see to it that they are there, then look after them carefully, see that culverts are fixed, ditches dug and the road properly drained, underlay the loose dirt thrown up from the ditches with rock, nearly always sufficient rock can be gathered along the road for this purpose, overhaul that old last winter mud hole and obviate the chance of it recurring the following winter. The districts are not so large in this county but what the road can be put in first class condition without consuming six days, and as a usual thing, two days if the proper number of hands put in

the proper number of hands on the road, will suffice to put the road in a condition to be passable all the following winter without the possibility of losing a wagon load of tobacco in one of the mud holes.

Give the county roads a little more care and attention, lets make them better, it can and should be done, and with the consumption of very little more time and trouble on the part of the overseer and hands we might have county roads almost as good as some of the turnpikes.

The democratic state primary for May 27th. gives general satisfaction. It should, and we think will be, a fair primary in every respect. At this time however, the people and the press seem to be more interested in a platform for the party than who will be the nominees as Sen. McCreary has the nomination for Governor cinched. With this popular demand our committees will formulate some sort of a plan for a platform. We urge the committee to let that plan be such a one as will insure the people the absolute right to make such a declaration of principles as the majority may deem best. With a majority of the democratic voters of the state selecting our nominees and making our platform, a sweeping victory in November is assured.

When the time comes for the election of a secretary of the Kentucky State Fair, which will be early in March and will be fixed by Commissioner of Agriculture Rankin, a hot race may be expected. Hubert Vreeland and J. W. Rankin, the latter the son of the Commissioner, are prospective candidates against the present incumbent J. W. Newman, and the latter will be given a warm race.

And now comes the withdrawal of Mayor W. O. Head of Louisville from the race for the gubernatorial nomination. He gives as his reason, that he has not the time to devote to a canvass of the state. Well the excuse is a plausible one, but it does look to us folks out here in the country like our Uncle Jeems McCreary has them all "beat to a frazzle", and that they are just looking for a soft place to fall.

The democrats in Garrard County want a voice in making all nominations for the party. The primary gives this privilege to all, so let our committee call a primary to select a candidate for representative at Frankfort and fix May 27th. the time of the State primary as the date. Holding this election in connection with the state primary would make it inexpensive.

The representatives next November, will elect a United States Senator to succeed Senator Thos H Paynter. We have not forgotten the last Senatorial election therefore democrats in every county should see to it that their nominees for the legislature are pledged to vote for the successful candidate for the United States Senate in the primary of May 27th.

The International Harvesting Machinery Co. of American was indicted and fined \$2500. under the Sherman anti-trust law at Lagrange for operating in Oldham county. They announced that they would prosecute an appeal to the supreme court of the United States if necessary.

"The King can do no wrong," but this does not apply to near Kings. George B. Cox, the big boss of Cincinnati has been indicted for perjury, and afterward cited for contempt of court for some remarks he made in regard to the indictment.

Argus in the Louisville Herald says: Judge Homer Batson stood an excellent chance of being elected chairman of the Republican City and County Executive Committee until the Post began to advocate his election. He may win even though handicapped.

The United States Railroad Commission has refused to sanction a raise of rates by eastern and western railroad companies and has ordered the roads to restore their original rates on or before March 10th.

The Canadian government has decided to stop the immigration of negroes from the United States into that country. They were classed as undesirable citizens.

In the Senate Tuesday the resolution to elect U.S. Senators by the direct vote of the people was defeated by four votes.

Who Can Answer?

What has become of the Garrard County Development Association? Why can't they get busy on that tobacco market in the "Land of Now"?

Beats Raising Tobacco.

Richard Gerlach, residing near Danville, Ky., sold his crop of ginseng to a New York firm at a fraction over \$6 per pound. Some of the single roots brought \$2 each. He sold a patch, twenty-five feet square, for \$212.

Mr. Wagers Better.

The many friends of Mr. John F. Wagers of Richmond, who suffered a stroke of paralysis about ten days ago, will be glad to know that his condition is improved, and his physicians have hopes that he will ultimately recover the use of his stricken left side.

Fire At Wilmore.

A \$100,000 fire at Wilmore last Saturday night came near wiping that flourishing town from the map. It originated in a livery store which was destroyed, together with the Patterson Hotel, the post office, drug store and several other buildings.

Venture In High Finance.

Herbert Kinnaird has developed into a financier since he moved to Stanford. He bought the franchise sold by the City of Stanford for telephone rights within their limits. He represented a bunch of capitalists, but we hope that he will make a million out of it as his own bit.

Another Upper Garrard Citizen

Mr. Givens Terrill has accepted the position of book-keeper and general office man with the Garrard Milling Co. Messrs W. F. Champ and Parker Gregory, both of Paint Lick, came here about a year ago and bought the old Minor mill, then an old ramshackle affair and an eye sore to the community. They practically rebuilt it, equipped it with modern machinery, and now there is not a better mill of its size in the state. Their products are not only in practically every store in the county but they are branching out into the state, and are selling all the mill products that their capacity will afford. If Paint Lick has any more good business men and affable gentlemen like Will Champ, Parker Gregory and Givens Terrill to spare, we will be delighted to have them.

Let us Have a Home Market.

Now that the tobacco problem has been relegated to the back ground, and it is a certainty that tobacco will be raised in Garrard county, it seems to us the proper time to do something toward the securing of a home market for the 1911 crop. Why not have a loose leaf market at home? We have a warehouse admirably adapted to that purpose, the old distillery property, which we have no doubt might be secured, and would require the expenditure of but a nominal sum to place it in condition. Why not organize a stock company and buy, rent or lease this warehouse, or some other, and have a home market, so that in another year we may not witness the spectacle of our tobacco having to be hauled to adjoining towns to market.

Let the farmers, merchants and any others who wish have a chance at the stock, the more stock holders the more to push along the enterprise. It will pay, of this there is no doubt. This matter is worth your consideration. Think about it.

School Notes.

The Roll of Honor for the month ending February 24 shows a good number who made an average grade of 90 per cent. All the members of the tenth grade are on the Honor Roll for this month; the best record that any class has made in four years.

A Fierce Night Alarm.

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved that a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, LaGrippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by R. E. McRoberts & Son.

First Court In Garrard County.

Below we give an exact copy of the first order in the assembling of the first Court, ever held in Garrard County.

At the house of George Douglas in the County of Garrard, on the first day of June, one thousand seven hundred and ninety seven, a commission of the peace from his Excellency the Governor directed to Samuel Gill, Samuel Scott, Moses Dooley, John Harrison, Edmund Terrill, William Bryant, William Jennings Jr., John Alcorn, John Lapsley, Samuel Renshaw, Alexander Carns, William Hays, Lipscomb Nowell, George Elliott, John Bruce, William Barlette, Charles Spilman and Richard Ballinger Jr. The said Samuel Gill, administered the oath of Justice of the peace, the oath to support the Constitution of the United States and to this State to John Alcorn Gent., and the said John Alcorn Gent., then administered the several oaths to Samuel Gill, John Harrison, Edmund Terrill, William Bryant, William Jennings Jr., John Lapsley, Samuel Renshaw, Alexander Carns, William Hays, George Elliott, John Bruce, Charles Spilman, and Richard Ballinger Jr.

Joseph Bledsoe Gent., produced a Common from his Excellency the Governor appointing him Sheriff, whereupon the said Bledsoe took the oath required by law and together with William Bledsoe and Thomas Keady executed and acknowledged and ackn., their bond in the penalty of three thousand dollars conditioned as the law directs and then a court was held for said County.

Present, Samuel Gill, John Harrison, Ed M. Terrill, William Bryant, William Jennings Jr., John Lapsley, Samuel Renshaw, Alexander Carns, William Hays, George Elliott, John Bruce, Charles Spilman and Richard Ballinger Jr.

Quality Not Quantity.

Now that the "cut out" question has practically been disposed of, we deem it not amiss to offer a few suggestions on the tobacco growers of the county.

The sentiment throughout the state seems for a reduced acreage this year, and while every farmer is free to follow his own inclination in the matter, we think that the holding down of the production will aid materially in securing a better price for the 1911 crop.

Many growers returning from the breaks and loose leaf markets have told the Record that tobacco was bringing a good price, considering the quality, that it was undoubtedly the poorest crop they ever saw offered for sale in the state.

It now behooves the growers to look well to the quality of the tobacco they produce. The day when tobacco brought a good price just because it was tobacco has passed. There is too much to choose from, and it is now being bought solely on class. Put in just what you can comfortably handle, take into consideration the visible supply of help, do not take chances on being able to secure additional help, it is hard to get when you need it most, put in what you are sure you can handle with the help at your command.

Another important item is your barn room. Be sure you have ample barn room to accommodate the acreage you put in, do not put in so much that you will be compelled to crowd it in your barn, thereby taking a big chance on house burn. Cultivate your crop carefully and well, if you do not know how get someone who does. It is not every farmer be he ever so skillful, who knows how to raise tobacco, and it will pay you to pocket your pride and seek information.

Do not let the worms take you, worm eaten tobacco, when it brings anything at all, commands an inferior price. Much better to have a few acres less properly handled than to have more than you can properly care for, and you will find in the long run that a small crop properly handled will profit you more than a large one handled in an indifferent manner.

Just as sure as the farmers persists in raising enormous crops of tobacco of inferior quality so surely will the cut-out eventually come by the forcing down of prices to such a small figure that they will find themselves unable to raise it, and will then revert to some other crop.

A Man's Stomach, Is Just As Good Or Bad As He Makes It

If you are blessed with good stomach be thankful and make up your mind to keep it good.

If you have a bad stomach; one that makes you feel miserable after eating; one that turns your food sour and causes gas to belch up in the mouth, then you want to get busy at once and turn your bad stomach into a good one.

How can this be done? you ask. Simply by using daily the best prescription for stomach ailments ever written.

What is the name of this prescription? Wherever civilization exists it is known as MI-O-NA.

R. E. McRoberts & Son sells it for 50 cents a box; he does more he guarantees it to relieve stomach distress, in five minutes; he goes even further and says: if MI-O-NA doesn't cure indigestion, acute or chronic, or any diseases caused by stomach disturbance he will give you your money back, without any haggling or red tape.

And this guarantee means that MI-O-NA stomach tablets, as most people call them will cure biliousness, nausea, nervousness, heartburn, foul breath, nightmare, and sleeplessness.

It means that MI-O-NA is such a wonderfully good remedy that it quickly turns a bad stomach into a good one, that will stay good, strong and vigorous, just as long as it is treated right. Try MI-O-NA ye men of weak stomachs, you take no risk. It is guaranteed by R. E. McRoberts & Son and druggists everywhere.

Attention Maccabees.

Having been elected record keeper for Lancaster tent no 15, I hereby notify all members of said tent to call at National Bank and pay their assessments promptly as I will not have time to hunt them up. So if you value insurance be prompt with your payment. R. T. Emory R. K. 21.

The Picking Up of the Record According to Judge: "Coming home a few mornings since, we met a man attempting to walk on both sides of the street. By a skillful maneuver we passed between him."

Has Millions Of Friends.

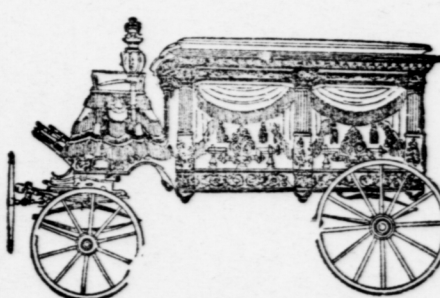

How would you like to number your friends by millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. Its the best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c at R. E. McRoberts & Son.

The Place To Get

GROCERY

Satisfaction.

A Few

"Because"

Why we ask for and expect your grocery trade.

BECAUSE as far as it is possible to determine our stock takes in all the good kinds, and leaves the others out.

BECAUSE if you are particular about eatables, our store will appeal to you.

BECAUSE we play the game of business fair and square. We make right any mistakes that we may make as soon as we hear of them.

BECAUSE we try awfully hard to "get there on time." We appreciate the inconvenience of waiting for goods to be delivered.

BECAUSE in spite of all these advantages your dollar is as large here as anywhere often larger.

Try and prove.

Public Sale

As agent for the heirs of J. M. Higginbotham (deceased) I will offer at Public Sale before the Court House door in Lancaster, Ky., on

Monday March 27th, 1911

it being County Court Day, at 10 o'clock a. m., sell the farm known as the Pettus place on the Stanford pike, and the one that said J. M. Higginbotham resided at the time of his death.

This farm contains 74 acres more or less to be surveyed, if desired by the purchaser. It has a splendid 7 room brick in good repair, all necessary out buildings. This is one of the best suburban homes around Lancaster. The farm is all in grass and has been for nearly 20 years.

Any one desiring to look at the house and premises can do so. Mrs. Higginbotham who lives there will take pleasure in showing same. Possession will be given at once. Terms will be made known on day of sale. For any further information address

Tobacco Growers--ATTENTION!

The loose floor sale at the Peoples' Tobacco Warehouse on Perryville street, immediately east of the Queen and Crescent Railway, is being held every day. Buyers from all leading factories are on hand. All tobacco is placed on sale in uniform grades, each grade bringing the highest market price. We make no charge for rejections and will sell your tobacco until you are satisfied with the price you receive. All insurance is carried by us and your tobacco is protected from the minute it enters our house until it is sold. Experienced men in charge of all departments to guard your interest. Our advice, as is the advice of all tobacco warehouses, is that you place your tobacco upon the market as soon as it has been stripped. It weighs more then and you save the cost of extra hauling and get the use of your money.

The People's Warehouse has the capacity to accommodate fifty loads of tobacco at one time and ample room for a hundred head of horses. Remember the location—Perryville street, immediately east of the Queen and Crescent Railway.

Col. I. M. Dunn is the auctioneer who sells at the Peoples' Tobacco Warehouse; he has had twenty-five years experience in the production of burley tobacco; his judgement on tobacco you get free. He is ably assisted by C. C. Lucas, of North Carolina, who is an auctioneer of large experience in the loose leaf market.

Government Whitewash.

Now that the spring cleaning season is upon us, we publish the U. S. Government recipe for whitewash, which is said to be the very best.

"Half a bushel of unslaked lime, slake with warm water, cover it during the process to keep in the steam; strain the liquid through a fine sieve or strainer; add a peck of salt previously well dissolved in warm water, three pounds of ground rice boiled to a thin paste and stir in boiling hot; half pound of powdered Spanish whiting and a pound of glue which has been previously dissolved over a slow fire, and add five gallons hot water to the mixture, stir well and let it stand for a few days, covered up from the dirt. It should be put on hot. One pint of the mixture will cover a square yard, properly applied. Small brushes are best. There is nothing that can compare with it for outside or inside work, and it retains its brilliancy for many years. Coloring matter may be put in and made of any shade, Spanish brown, yellow ochre, or common clay."

The coloring matter was left out of this mixture when used on derelict politicians.

CAN'T BE SEPERATED.

Some Lancaster People Have Learned How To Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

George Wright, Stanford St., Lancaster, Ky., says: "I have never known of a better kidney remedy than Doan's Kidney Pills. Last fall my back ached a great deal and my kidneys were badly disordered. The kidney secretions were scanty and painful in passage. I fortunately had Doan's Kidney Pills brought to my attention and getting a box at Frisbie's Drug Store, I began their use. They relieved me promptly and in return for the benefit I received, I am willing that my name should be used in recommending them. My advice to all sufferers from kidney trouble is to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. J. G. Burnside sold sheriff Robinson a good horse for \$150.00

Wilson Rogers sold Mote Fox of Danville a 3 year old mule for \$175.

V. A. Lear bought of Ed. Clark one extra two year old mare mule for \$225.

J. Q. Mahan of Hyattsville bought a pair of mules of Balor Holtzclaw for \$325.

Bob Arnold bought a nice pair of three year old mules of Bob Bruce for \$395.

Hudson & Hughes.

W. B. Burton sold a choice pair of mules to Ison Bros. of Burgin for \$412.50. Mr. Burton also sold Mr. Tom Yantis a mule for \$170.

Thomas Chestnut sold to George Conn a two year old mule for \$170.00. Mr. Chestnut also bought of J. W. Woods a three year old harness horse for \$125.

C. L. Raily left for San Juan P. I., with a string of Kentucky show horses which he is going to exhibit at the forthcoming fair that is to begin at San Juan February 23.

It will pay you to examine the quality and prices of our Clover, Timothy, Orchard Grass, Blue Grass and seed Oats before you buy. 2-17-3t

Hudson & Hughes, Lancaster, Ky.

Peaches are in bloom throughout Georgia and the growers are anxious. There was severe cold and snow as late as April 17, last year, in northern Georgia. Two months of worry before them.

There were a good many mules in town but few sold, the demand seeming to have slackened, prices were not quite so stiff as they have been and the farmers were loth to turn them loose at the reduction.

Bruner Bros. of Jessamine county bought the following horses Monday: one of Will Jackson for \$150. one of William Hendren \$140., one of T. W. Rogers for \$150. one of John Wilson for \$110. and one of Will Williams for \$125.

There were about 400 cattle at the stock yards Monday, embracing everything from suckling calves to thousands of pound feeders. Only about one half of them changed hands, the drovers holding them so high that they were not sold. A lot of good feeders were sold at 5-8 cents in small lots to different parties.

Mr. W. E. Bradshaw, of Columbia, Ky., has sold his show mare Bonnie to Mr. Allen S. Edelen, of Burgin. Bonnie is by Kentucky Squirrel out of an Artist mare and full sister to the Lowndes mare once shown by Cohen. Bonnie is a rich chestnut and beautiful gaited and high school horse. The price was not given.

Now while an attempt is being made to replenish the stock of hogs on the farm, and hogs are being brought in from everywhere, it is well to look after the condition of the new comers. Be sure to secure stock that is free from disease. Do not bring sick hogs on the farm to contaminate the well ones. Use lots of disinfectants.

\$10 Reward.

For any information leading to recovery of my 13 lost sheep 11 white and 2 blacks, last seen about Jan. 3rd, on Sugar creek going toward Poor Ridge where formerly owned. All ewes. G. H. Ruble.

Mr. J. Gano Johnson, proprietor of Emerald Chief Stock Farm, Mt. Sterling, Ky., shipped from his farm Tuesday a car load of fine saddle horses to St. Louis, which he had sold to different parties in that city. Every one of them is bred in the purple and it was the biggest sale of saddle horses ever made at one time by one farm in Kentucky.

Young Girls

just entering into womanhood, often suffer much pain and misery during the change of their physical organization. Many women will tell you their female trouble started during that trying period, and has clung to them ever since. Cardui is a friend to young girls, as well as to women of all ages. It has been found to help women during their trying periods by relieving pain and restoring disordered organs to health.

Take CARDUI

Mrs. Mary Hudson, Eastman, Miss., writes: "While staying with me and going to school, my young sister was in terrible misery. I got her to take a few doses of CARDUI and it helped her at once."

"I have taken Cardui myself and believe I would have been under the clay had it not been for that wonderful medicine."

Try Cardui. It will help you. For sale everywhere.

Who Is Alice?

It would have been impossible for him to look a particle more devoted than he did. His attitude as he walked beside her was perfectly satisfactory, for she knew that everybody could see he belonged to her. Being a woman, this made her happy. "It's been so lonesome during all the months you have been away," he told her for the eleventh time. "Has it, truly?" she inquired tenderly, also for the eleventh time. "You never can know," he proceeded, "how desolate I was with nothing to do. Why, Alice, I—"

"Alice!" she interrupted sharply. For her name was Mabel. "Er—Mabel, I mean, of course!" said the young man hastily. "I—"

"Who is Alice?" demanded the young woman frigidly, adding a foot to the space between them. "Alice? Ha! Ha! Why, there isn't any!" declared the young man vivaciously. "It certainly is a joke for me to call you Alice when it isn't your name!"

"You must be pretty much on your mind," insisted the young woman coldly, "when you go around calling every other girl by her name! You never mentioned any Alice to me in your letters!"

"Now, Mabel!" pleaded the young man, "why make a fuss over a mere slip of the tongue? Just as I spoke an automobile went by with a girl in it who reminded me of a girl I used to know in school whose name was Alice, and—"

"Your mind works quickly!" scoffed the young woman. "But I can always tell a mercenary excuse from one that's all-wool and the regulation width! You might just as well—oh, you have been going around with Alice Speckerson while I was away? I'd forgotten all about her—and she was crazy about you when she met you at that dance. If—"

"No!" insisted the young man, "it was not Alice Speckerson, for she was away, too."

"Then what Alice was it?" the young woman demanded, sternly. "You have practically admitted that there was an Alice. You needn't try to deceive me. You might as well tell me first as last, because—"

"Mabel!" said the young man, gathering all his forces and speaking reproachfully. "I hate to see you getting all worked up about something that is purely imaginary. Let's go in here and get some candy—"

"Harry Pandell!" cried the young woman, "don't try to distract me from the subject! I guess I'm more than sixteen years old—"

"You don't look it," interrupted the young man hastily, seeing his chance. She merely held her nose higher in the air. "I am waiting," she reminded him in a tragedy voice. "Who is the girl named Alice that you are so in love with that you can't think of anybody else and that you have to talk about to every one whether any one is interested or not? And when you were writing me that you were worrying yourself thin because I was away. And you were running around instead with somebody named Alice, and—"

"A fellow cannot sit in his room and stare at the wall every night for two months!" protested the young man. "He's got to do something—not that I was running around with any Alice! I read lots while you were away—and the last book was that ancient one, 'Alice of Old Vincennes.' It always was a favorite of mine and I've had it in mind so much it's no wonder—"

"Pooh!" cried the young woman violently. "You never can make me believe."

"Mabel!" cried the young man earnestly, "you don't mean to say that you doubt me? Don't you believe what I tell you?"

He looked so stern that the young woman faltered a bit. "Well," she said, "it's kind of funny when you go around calling me by some other girl's name. Do you mean to say, Harry Pandell, that there really wasn't any Alice?"

"You heard what I said!" remarked the young man in a pained voice. "Really, I can't tell you how it cuts to have you, of all the world, think for a minute that I was trying to conceal something!"

"Why, Harry!" said the young woman, "of course I didn't mean to hurt your feelings! I had no idea you'd take it like this! I believe I was excited and nervous. I—I've done it myself. I remember calling a man by my poolle's name once, absent-mindedly. Only I thought for a minute—"

"Don't say any more about it," interrupted the young man with impressive kindness. "I'll forgive it, Mabel. Only I hope in future you'll trust me!"

"I'll never doubt you again, Harry," said the young woman. "You've always shown me how ally I was!"

"I'm glad you see it that way," said the young man, magnanimously. Then he said to himself: "Gee! That was a close call!"

Officers Must Be Able to Swim. While it may be true, as has been asserted since the disaster in the North river, in which a score or more of the New Hampshire's crew were drowned, that 20 per cent. of the enlisted men of the navy cannot swim, their officers without exception can. At the naval academy midshipmen who cannot show a certain degree of proficiency in swimming are compelled to take a course of lessons.

Old But Kittenish. "Old Mary," Mr. James Collier's bumpy mare was left standing on the street the other day without being hitched, she suddenly concluded to make a quick tour of investigation of the Public Square. So rapid were her movements that in rounding the proposed site for the Government building that she overturned the buggy and did considerable damage. Horses, especially young ones should not be left standing on the square. Mary is only 28 her next birthday.
